

# **2022 Victorian Internship Overview**

Which priority group does Unimelb International Medical Students fit?

- Priority 2
  - **Australian Temporary Resident graduates of Victorian Medical Schools**
  - Interstate Special Consideration
- VRPA Priority Group 2
  - Australian permanent resident graduates of interstate universities who meet specific criteria.
    - Details about criteria can be obtained via:  
<https://www.pmcv.com.au/intern-match-2022/#prioritygroups>
  - **Australian temporary residents graduating from Victorian Medical Schools**

# Timeline

09/05 **Match Applications Open**

Match will open for applications at 10am

09/06 **Match Applications Close**

Match will close for applications at 5pm

10/06 **Video Interviews**

Candidates to record video interview from Friday 10am 10 June until 5pm Sunday 12 June.

13/06 **Health Service Selection and Assessment Period**

Monday 13 June to Friday 1 July

18/07 **Results Published**

**VRPA**

Results available via login to APS at 10am.

20/07 **Results Published**

**Priority Group 1**

Results available via login to APS at 10am.

22/08 **Results Published**

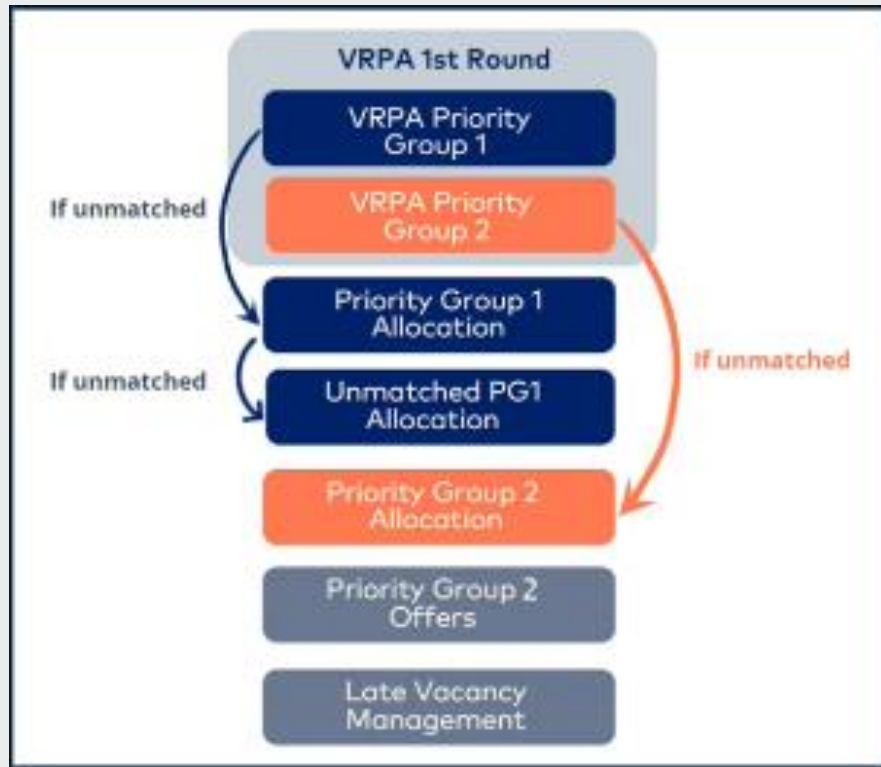

**Priority Group 2**

Results available via login to APS at 10am.

Health Services with vacancies may reach out to unmatched Priority Group 2 candidates.

24/08 **Priority Group 3 allocation opens**

Health Services with remaining vacancies can reach out to P3 candidates.

In 2021

- 128 applicants were victorian temporary residents
- 95 candidates received an offer of internship in Victoria for 2022 commencement

\*One applicant in this category requested an offer for a position and was included in Priority Group 2

## General Requirements:

- PMCV
  - CV
  - 2 clinical referee reports
  - Video recorded interview
- Health service dependent
  - CV
  - Cover letter
  - Interview
  - Academic transcript

## Important takeaways from this year:

- We are allowed to participate in VRPA as VRPA priority 2 applicants.
- No Z-score.
- 8 preferences.
- Top 3/5 filter. ? Top 7
- Two VRGP streams (M2M and Loddon Mallee) able to be added to your 8 preferences before P2 main match results released.

# National Audit

Intern applicant information are shared between states and territories on pre-agreed dates.

- 18 November 2022 - national close dates for offers of internship.

Applicants who have applied for and/or accepted more than one intern position will be contacted and given 48 hours to withdraw all except the one they intend to undertake next year.

# Late Vacancy Management Process

- Starts on 5th December 2022 - and ends on 24 March 2023.
- The process ensures any late vacancies are offered to eligible intern applicants who have not yet accepted an internship position
- No separate application required.

# P2 Match Statistics 2022

# Disclaimer

- This presentation was prepared to inform current MD international students about the 2022 internship match results of the university of Melbourne priority 2 MD students. The information contained in this presentation have been collected to the best of the ability of the UMMSS international team.
- The numbers here do not represent the final outcome for 2022/23 PMCV internship matching process, neither do they represent future outcomes, predict future trends, or determine the factors related to obtaining an internship.
- We sincerely thank the MD4 international students who have kindly responded to us via the anonymous survey and through personal communications. Your responses have contributed to the knowledge of this issue amongst the students of the subsequent year levels.

Health Services with remaining vacancies can reach out to P3 candidates.

## Victorian Internship Main Match

Dr Shaun Chew

# **2024 Internship Application MasterClass**

# Overview

- Experience with internship application process
- Factors influencing health service preferencing
- Advice for MD 3s

---

# Introduction

- MD 4 at The Royal Melbourne Hospital
- Interning at Ballarat Base Hospital (Grampians Health Ballarat) in 2024
- Excited to commence internship and start earning \$\$\$ (fortnightly pay)
- Aim: Being a safe and competent doctor
- Ambition: General Surgeon

# Internship Application Process

- Relatively straightforward with minimal struggle
- Process:
  - Access PMCV website
  - Satisfy requirements e.g.
    - Nominate referees
    - CV
    - Preference 8 health services
    - \*Upload supporting documents if P3 or VRGP?

# Choosing your health service

- 2nd most stressful part about internship application
- Factors to consider:
  - Location
    - Some doctors prefer working in a hospital with their partners
    - Family
    - Current accommodation
    - Change of scenery (e.g. rural -> metro, metro -> rural, metro -> metro, rural -> rural)
  - Familiarity
    - Where you spent your clinical years at
    - Hospital system e.g. EMR, navigation, line of communication (e.g. Western Health boasts horizontal or flat hierarchy)
  - Career pathways
    - Surgery/Physician/Psych/Trauma/ED etc
  - Work culture
    - Positive/Supportive workplace
    - One that fosters a safe environment eg. ability to speak up, report ill-mannered behaviours etc
  - Patient catchment areas
    - Diversity
    - Complexity of conditions (e.g. tertiary hospital vs rural hospital)

## More about preferencing

- Preference 8 health services
- Top 3 health services will view it as your “1st choice/Top 3”
  - E.g. Top 3 : Melbourne Health, Goulburn Valley, Bendigo.
  - Question: So does it matter how I preference my top 3 choices since the health service wouldn't know
  - Answer: Yes it still matters. The selection process may be confusing for some
- 4th -8th choice will be viewed as the respective order (e.g. 4th choice = Western Health, then Western Health will know you've preferenced them as your 4th choice)

---

# Referees

- Nominate 2 referees (Clinical referees)
- Senior registrar -> Consultant
- Certain health services may require clinical & non-clinical referee
- Tips on securing a good referee
  - Be punctual
  - Show that you're responsible, safe, eager to learn and most importantly, genuine
  - Letting the consultant know early that you want them to be your referee
- Look for RED FLAGS!
  - Consultants you do not vibe with
  - Consultants who may be overly critical (not always a bad thing)
  - Consultants notorious for giving bad feedback/scores

# Cover Letter

- The most stressful component
- What is it?
  - A personalised drafted one page letter directed to the respective health se
- Information it should contain
  - Purpose
  - Brief introduction
  - Why have you chosen this health service
- Tips on writing
  - Grammar
  - Sentence structure
  - Avoid bombastic or flowery words
  - Avoid cluttering the page
- Start writing them early next year (~March 2024)
- ?Hire professional CV and Cover Letter writers/vetters
- Writer's block?
  - Take a break, return to this task another day :)

# Curriculum Vitae

- Template on PMCV website
- Relevancy: High school -> Current
- Things to include:
  - Education/Qualifications
  - Clinical placements
  - Employment history
  - Volunteering history
  - Achievements and Awards
  - Research, Publications, Presentations
  - Leadership roles and Extracurricular Activities
  - Personal interests

---

## Advice

- Enjoy MD 4
- Support each other!
  - Inform each other of deadlines
  - Read each other's CV/Cover Letter if you'd like to
- You'll feel a huge load off your chest upon submitting your internship application form!
- Best of luck for your exams!

## Unmatched Process for the Victorian Internship Main Match

Dr Ghanisht Juwaheer

# No good thing comes easy

UMMSS Internship Night 28 Oct 2022  
Ghanisht Juwaheer

# About me

- G
  - Mauritius
  - Austin Health clinical school
- 
- And relevant to tonight, I was unmatched in this year's match

All views expressed in this talk are my own experiences and are not generalisable to everyone. Please take with a grain of salt

# Plan

Part 1: What happens when you're unmatched

Part 2: Why Mildura

# Part 1: What happens when you're unmatched

# PMCV Intern Match Priority Group 2 outcomes

Inbox x

**allocations** <allocations@pmcv.com.au>

to ▾

Mon, 22 Aug, 03:00

Dear Candidate

The results of the Victorian Intern Match, Priority Group 2 allocation has been run and unfortunately you were **unsuccessful** in being allocated in this round.

There is still an opportunity for you to receive an offer of internship in Victoria. Health services will be able to consider making an offer to you, as vacancies arise.

Health Services will be sent an email today with your details so they can reach out to you, should they wish to discuss an intern opportunity with you.

Kind regards

Allocations, **PMCV**

## Postgraduate Medical Council of Victoria

Level 8, 533 Little Lonsdale Street | Melbourne VIC 3000

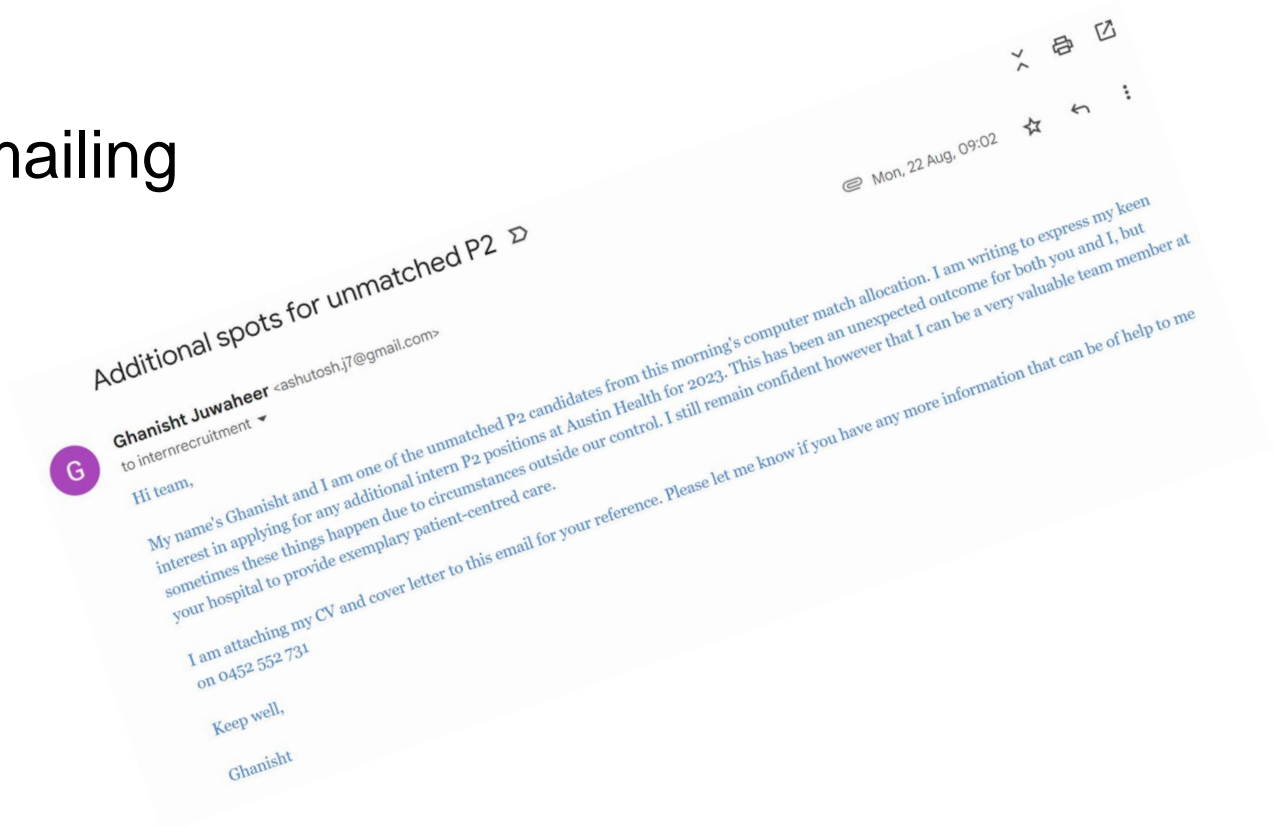

E: [allocations@pmcv.com.au](mailto:allocations@pmcv.com.au)

W: [www.pmcv.com.au](http://www.pmcv.com.au)

# Thoughts and feelings

- I'd done it all and honestly you never think it's going to be you
- Disappointed maybe, but not in myself
- Not the first time
- Supported and reassured by people around me
- Wildly excited about the news coming from my other friends
- I won't go down without a fight

# Cold calling and emailing

“We kindly advise being fully matched and no further positions available”

“We are waiting for PMCV”

# What helped

- Talk to mentors
- Partner, Family and Friends - Shoutout to Dr Shaun Chew
- Introspection - what I was willing to accept and what I didn't

# Options ahead of me

- Chase services for additional spots
  - They really do email you
- Wait for other positions to pop up - even until Jan
  - A good friend of mine later got a big metro hospital
- JDTP - Opened 26 Sep, Closed 10 Oct
  
- Realised I had more confidence in my ability to make the most of a situation than in PMCV + wanted to be able to plan in advance
  - 26 Aug (5 days later): 2 offers came out - the complicated logistics of that

# Advice

- 1) Embrace failure - but not after trying everything else
- 2) Being unmatched is not a reflection of how great of a doctor you are going to be
- 3) It never seems as if it will happen to you - so hope for the best and plan for the worst
- 4) Don't feel pressured to take the first option

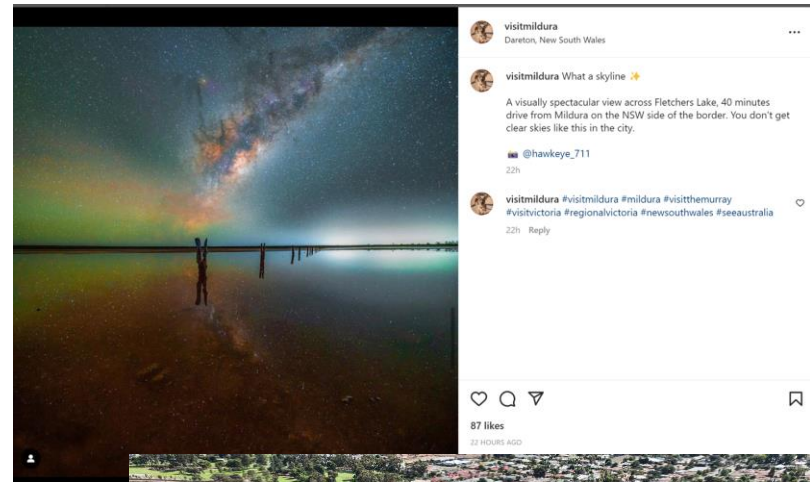

# Part 2: Why Mildura

# Features

- Rotations I wanted and could get excited about
- Bomb instagram
- Friend's recommendation about getting back to metro
- Rural can only be good for my surgical aspirations

And downsides

- Distance

# Thank you!

If it happens, it will suck but you've got this :)

Victorian Rural Preferential Allocation  
(VRPA) Program and Victorian Rural  
Generalist Program (VRGP)

Dr Nyan Soe Lwin

P2 MATCH: VRPA & VRGP

Nyan Soe Lwin

2023 Intern (Murray to Mountains/HUME VRGP)

## VRPA – KEY INFORMATION

- Victorian Rural Preferential Allocation – match process and allocations take place before main round match for both P1s and P2s
- Only rural health services – regional/rural hospitals and VRGP programs
- 100% of all VRGP positions
  - As of 2022, VRGP positions only initially available during VRPA round
- Other rural health services vary year-by-year\*

### VRPA Intern positions

All of the Rural Generalist (RG) internship positions (100%) will be included in the VRPA round.  
For all other rural and regional health services, between 50-100% of their available positions will be included.

Barwon South West	Gippsland	Grampians	Hume (also known as M2M)	Loddon Mallee

## VRPA – HOW TO PREPARE YOURSELF

- **Things to consider:**

- Think about whether practicing medicine rurally is right for you
- Working in rural hospital (benefits vs challenges) – clinical exposure, work environment and support
- Rural lifestyle, connections to rural Victoria e.g. family, friends
- Career goals
- Practical reasons – likely to match earlier than main round
- Start researching early about health services

## VRPA – HOW TO PREPARE YOURSELF

### **CV and past experience**

Clinical exposure in rural setting  
(e.g. electives, MD3 GP placements)  
can play in your favor

Show interest in the health services  
– hospital tours, info sessions,  
career fairs (!! Make yourself known  
to the health services)

### **Cover Letter**

Motivation – why do you want to  
work in rural hospital(s)?  
What do you aim to achieve out of  
completing a rural internship?  
Challenges anticipated in rural  
setting  
What you can offer as an intern –  
skills, experiences  
Knowledge of the health services –  
values, specific rotations/education  
programs

### **Interviews**

3 Standard questions  
+ one additional rural-specific  
question

# VRGP

- Victorian Rural Generalist Program (VRGP)
- A specific training program under the VRPA process – for Rural Generalist (RG) training towards FACRRM/FRACGP
- Internship = Rural Generalist Trainee I (RG I)
- Only available under VRPA round – if positions leftover, will be offered up later before P2 match
- Key difference from typical internship: 2 terms (~20 weeks) of GP rotation in rural GPs and regional medical centres + 3 Core terms (Gen med, ED, surgery) at regional hospitals
- What happens after internship/RG I?
  - Guaranteed training position as RG2  Rural Generalist Training Program (RG2  RG Advanced  Fellowship)
  - PMCV match for PGY2/HMO2  Move back to regional/metro hospitals

## QUESTIONS

Feel free to get in touch via email if you have any questions! 😊

- Nyan (VRGP) – email: [nyansoelwin@outlook.com](mailto:nyansoelwin@outlook.com)
- Esther (VRPA) – email: [estherleong5@gmail.com](mailto:estherleong5@gmail.com)

## Interstate Applications + Junior Doctor Training Program.

Dr Edward Hong

# Junior Doctor Training Program

## Junior Doctor Training Program (JDTP)

### Overview

The Junior Doctor Training Program – Private Hospital Stream (JDTP), previously known as the Commonwealth Medical Internship (CMI), is a federally funded initiative for **full-fee paying international students who have completed their entire medical education in Australian universities**. It supports PGY1-3 placements for medical graduates in private hospitals across Australia, with all doctors completing at least one rural rotation.

Through an Expression of Interest process, junior doctors are able to express interest for Private Hospital Stream PGY1 funded internship placements. The EOI process is available after states and territories have offered and filled their internship placements.

### List of Participating Hospitals

The following private hospitals are funded from 2020-2022 for up to 115 internship positions:

- Mater Health Services, North Queensland
- Mercy Health and Aged Care Central, Queensland
- MQ Health, New South Wales (Macquarie University Hospital)
- St John of God Ballarat Hospital, Victoria
- Mater Hospital, Sydney
- Ramsey Health Care, Western Australia
- Greenslopes Private Hospital, Queensland
- Calvary Health Care Riverina, New South Wales
- St Vincent's Private Hospital, Sydney

The PHS will also support around 80 places for PGY 2 and 3 junior doctors.

### Eligibility

Under the PHS, participating private hospitals must prioritise eligible international full fee paying medical graduates from onshore Australian medical schools (referred to as 'Priority One' category). Should the PHS places not be filled with applicants from the Priority One category, private hospitals may recruit eligible applicants with provisional registration (referred to as 'Priority Two' category).

**Priority One category** will be allocated to onshore Australian-trained final year medical students who are eligible for an internship under the PHS. Final year medical students must meet all of the following eligibility criteria to be considered:

- Be a full-fee paying international student completing your medical degree in the current calendar year from a medical school in Australia, having completed all your

medical degree in Australia (university-approved, short-term elective rotation completed overseas are allowed)

- Have met the Medical Board of Australia (MBA) English language proficiency requirements for registration purposes
- Not an Australian Citizen
- Commit to obtaining an appropriate visa to work in Australia during the internship year (refer to the [Department of Home Affairs](#) website for details).

**Priority Two category** will be considered when the list of Priority One applicants is exhausted and there are vacant PHS internship positions available. Priority Two applicants must meet all of the following eligibility criteria to be considered:

- Have met MBA provisional registration requirements as a medical practitioner
- Have met the MBA English language proficiency requirements for registration purposes
- commit to obtaining an appropriate visa to work in Australia during the internship year (refer to the [Department of Home Affairs](#) website for details).

### Ineligibility

Applicants are **NOT** eligible for a placement under the PHS if they:

- Do not meet the Priority One or Priority Two eligibility criteria
- Have accepted an internship position from a state or territory government

The Minister of Health, Minister Hunt has approved the extension of the current arrangements for an additional 12 months. Plans are in train for all current PHS participant private hospitals to be funded for the 2023 training year, in line with their current training placement and funding agreements.

The EOI process for 2023 is expected to commence in the second half of 2022. Information regarding the process will be updated on the PHS website at:

<https://www.health.gov.au/initiatives-and-programs/junior-doctor-training-program/private-hospital-stream>.

Further enquiries can be directed here [PHS.2022@health.gov.au](mailto:PHS.2022@health.gov.au)

## PHS 2023 internship key dates

Activity	Date
PHS 2023 EOI internship applications open for eligible applicants	9 am (AEST) Monday 26 September 2022
PHS 2023 EOI internship applications close	5 pm (AEDT) on Monday 10 October 2022
Hospital recruitment period (offer period) – <b>Priority One candidates</b>  PHS participating private hospitals will provide applicants no longer than 48 hours to accept the offer being made.	Monday 31 October 2022 to Friday 25 November 2022

# Interstate Applications

## STATE PRIORITY PREFERENCING

### Preferencing for international students

Depending on the state that you are applying to, there will be a different distribution of available spots across the state. For example, Victoria preserves a certain percentage of spots at each hospital for international students, with addition of rejected spots by local Category 1 students which tend to be regional / rural. In Queensland, most internships that remain after all domestic Australian students have been matched will be at the rural or regional hospitals. Positions can become available in major metropolitan hospitals due to rollback. However, the availability varies each year. NSW on the other hand uses a ballot-based system, with the regional rural networks traditionally being undersubscribed.

While a rural or regional focused approach could increase chances of obtaining an internship, we would also recommend preferencing the hospitals according to your own personal circumstances (i.e. how strong you are as a candidate compared to your cohort) and also your personal take on each hospital's culture and post-internship opportunities for your desired training pathways.

## Priority Groups and Links

### Note:

- FGAMS = Foreign Graduates of Australian Medical Schools
- Only the main pathways are listed - some states have separate rural regional pathways that are worth looking into as well

				<ul style="list-style-type: none"> <li>The PMCV aims to fill a majority of the rural intern positions via an opt-in pathway, the Victorian Rural Preferential Allocation (VRPA)- this will be the first intern allocation round (prior to the metro allocations). To be eligible for the VRPA, candidates will need to preference only rural Health services. Australian temporary residents graduating from Victorian medical schools will be VRPA Priority Group 2. Currently this is not open for interstate FGAMS. Webinar on VRPA: <a href="https://vimeo.com/698034146">https://vimeo.com/698034146</a></li> </ul>	
WA	9/5/2022 to 9/6/2022	<p>To apply for an internship in WA you must:</p> <ul style="list-style-type: none"> <li>complete an application</li> <li>graduate from a university accredited by the Australian Medical Council</li> <li>possess a valid Intern Placement Number</li> <li>not previously worked as an</li> </ul>	<p>Applications needs to be placed though MedJobsWA <a href="https://www.pmcwa.org.au/interns/intern-recruitment/">https://www.pmcwa.org.au/interns/intern-recruitment/</a></p> <p>Application guide: <a href="https://www.pmcwa.org.au/wp-content/uploads/2021/05/210422_2022-WA-Intern-Aplication-Guide_FINAL.pdf">https://www.pmcwa.org.au/wp-content/uploads/2021/05/210422_2022-WA-Intern-Aplication-Guide_FINAL.pdf</a></p> <p>WA Internship Support Group: <a href="https://www.facebook.com/groups/696389138266917/">https://www.facebook.com/groups/696389138266917/</a></p>	<p>Postgraduate Medical Council of Western Australia 189 Royal St. East Perth WA 6004 P: (08) 9222 2125 F: (08) 9222 2130 E: <a href="mailto:PMCWA@health.wa.gov.au">PMCWA@health.wa.gov.au</a></p>	

		<p>intern in either Australia or overseas</p> <ul style="list-style-type: none"><li>• meet the Medical Board's English language skills registration standard</li><li>• be eligible to work in Australia</li></ul>	<p>The PMCWA recommends referring to the FAQs within the <a href="#">2022 WA Intern Application Guide</a> for more information.</p>
